A CALIFORNIA LAKE.

Lake Bigler described by the Placerville Herald, is certainly one of the curiosities of California. It lies at a great elevation, between two distinct ridges of the Sierra Nevada, and but one and a half miles to the north of Johnson's route to Carson Valley. It is at least fifty miles long, and with an average width of ten to twenty miles, and is of great depth.

It never freezes, though surrounded a great part of the year by snows. On either side are ranged those great rock barriers, that since their first upheaval, have though aided by voluteer torrents from the melting snows, successfully resisted its annual efforts for release from its mountain prison. It abounds with fish of several varieties, among which the speckled trout; many of a large size predominate. They are taken in great numbers by the Indians that resort to this, their wildly romantic and beautiful summer retreat.

So clear are its waters that a stone or other object can be distinctly seen at the bottom, thirty or more feet deep. About midway between the two extremes of the lake, on the eastern side, is a singular over-arched chasm, in the wall of rock that leads to unknown caverns and dark recesses, said by the Indians to be the abode of spirits.

THE ARSENAL.

We visited the arsenal yesterday in company with General Andrews, and took a look at the implements of "glorious war." The arms are kept in beautiful order and every thing about the establishment denotes active supervision, and strict attention to duties. Gen. Andrews brought on from the East lately quite a park of field artillery. Ten brass six-pounders, with the equipments all new and beautifully finished. The fourth of July is near at hand, and in commemoration of the glories of the day, the boys will wake the slumbering echoes with their red artillery. Gen. Andrews will furnish the munitions.—Statesman.

DISTRESSING ACCIDENT.

We regret to learn that a son of Mr. Wm. Finney, a mile and a half south of this place, was killed yesterday by the running away of a horse from being entangled in the harness. The particulars, as we have learned them are as follows: He had been plowing corn, and upon being called to dinner, unhitched his horse, and while mounting to return to the barn, slipped and became entangled in the harness—the horse becoming frightened ran, dragging him over the field and very much mangled his body—life was nearly extinct when his friends reached him. He was about 14 years of age.—Mansfield Banner.

Switzerland.

The Paris correspondent of the National Intelligencer, June 2nd, says: "When Austria is persuaded that bluster will not force Switzerland to the abdication of her dignity and independence, but that she is seriously preparing for war, after all means of conciliation consistent with national independence. Austria will probably refrain from pushing matters to this last extremity, from the apprehension that Sardinia, Lombardy, and Hungary, to say nothing of the republicans and socialists nearer home, will improve the opportunity and involve all Europe in a war that may be a general revolution."

The Barre Gazette says the East Centre school-house, in Oakham Mass, was struck by lightning last Wednesday. There were forty scholars in it at the time. The fluid passed down the chimney, taking out the bricks one side, then passing down the stove pipe making a hole in the same, to the floor, where it tore up the boards, and passed through to the ground in several places; and what is most remarkable no one was injured! A little girl, but a moment preceding the stroke, was removed by the teacher from a seat struck by the lightning, and thus providentially escaped injury and probably death.

One of the women of Columbus, wishing to evade the late ordinance prohibiting the sale of liquor on the Sabbath, hung a crape on the front door of the shop, and posted a card inviting "the friends of the family" to take the back way. The "friends" being somewhat numerous, and rather suspicious looking characters, the ordinance was instituted, when it was ascertained that there was not only death in the house, but that said woman had asserted her many rights, and was dealing it out at wholesale. Can such pranks be the fruits of "woman's rights" conventions?—Delaware Standard.

A LADY.—A lady is a feminine who is always dressed to receive company in the parlor, or go out shopping, riding, or to a party.

A VULGAR WOMAN.—One who stays at home, superintends the kitchen, gets a good meal, and takes care of her family. Species nearly extinct. THAT'S SO.

Dreadful Affray in Virginia—Four men probably killed.

NORFOLK, July 5.

George C. Churchwood and Wm. Searls had a fracas here on Monday night. Churchwood fired three barrels of a revolver at Searls each taking effect. The latter drew a knife and rushed on Churchwood, inflicting on him four ghastly wounds, from the effects of which he died on the spot. Searls it is thought is so seriously injured, that he cannot recover. Both were young men. The tragedy was the result of a drunken frolic.

The Grand Jubilee--Proceedings of the Mass Temperance Convention.

Pursuant to a call for a Mass Temperance Convention, a large concourse of the friends of Temperance in Knox county, assembled at this place on Saturday, the 25th inst.

At 10 o'clock, A. M., a large procession was formed upon the Public Square, under the direction of Dr. W. H. Ramsey, Marshal of the day, and H. S. Miller, assistant.

The Temperance Organizations being arranged in proper order, with the schools of the place, and the friends of the cause generally, preceded by a Band of Marshal Music, marched down Main Street to Gambier Street—and thence to Harwell's Grove, East of Town, where the exercises continued in the following order:—

On motion, Rev. JOSEPH MUENSCHER, D. D., was elected President of the Convention, and Jos. C. Devin, Secretary.

Prayer by Rev. M. E. STRIEBY.

On motion, the Convention proceeded to organize a County Alliance, and the Townships being called in alphabetical order by the Secretary, the following names were presented as a Committee to report Officers for the Organization: Gideon Elliott, Wm. Murdoch, Wm. Turner, Rev. Dr. Brooke, Wm. Hartman, James McArthur, Isaac Walter, Dr. J. F. Aldrich, Aaron Boyle, Charles Beardsley, Daniel Hayes, Wm. Borer, Wm. Cochran, Ephraim Frazier, Robert Graham, E. H. Darby, W. B. Cox.

On motion of Dr. W. H. Ramsey, the Committee appointed on Organization was also instructed to prepare suitable Resolutions for the action of the Convention.

Letters were read from Herman Canfield, Esq., of Medina, and Rev. Dr. E. Thomas, of Zanesville, expressing their zeal in the cause, and their regret that illness had prevented their attendance upon the Convention. A telegraphic dispatch from Dr. Jewett was read, announcing his arrival on the train at 4 o'clock P. M. from Cleveland.

Rev. M. E. Strieby, J. Devin, and H. Chance alias "Broad-Axe," were severally called out and made brief and appropriate speeches.

The President then announced the presence of the Hon. NEAL DOW, of Maine, who was hailed by the Audience with three hearty cheers.

Mr. Dow made an introductory speech to the audience, which occupied about one half hour, and closed the forenoon exercises by announcing his intention to discuss the merits and practical operations of the Maine Law, to as many as should honor him with their presence in the afternoon. And the Convention adjourned till 2 o'clock, P. M.

At 2 o'clock the Convention re-assembled at the grove. Mr. Dow took the stand and enlisted the minds of his many auditors for more than two hours, with a masterly, eloquent and logical course of argument upon the legal principles and operations of the Maine Law, as developed to his own observation during his administration as Mayor of the City of Portland.

He closed the run traffic with the gravest crimes—and narrated many amusing incidents showing the progress of public sentiment on this subject "away down East." Not one dissyllable or dram shop could now be found open, issuing their fumes of death within the limits of his native State.

His manner of speaking is not bold and daring, but his words glide smoothly from his lips apparently with great ease to himself and his auditors. His aim in speaking seems to be to convince—not to drive—but to turn men from their evil ways. He believes nothing short of the extermination of King Alcohol will effect his object and remove the evil.

The cars having arrived at 4½ o'clock, Dr. Jewett, of Massachusetts, made his appearance upon the stand, and made an interesting address which occupied the attention of the audience a little over an hour.

The Committee appointed to nominate Officers for the County Alliance and prepare suitable Resolutions for the Convention, submitted the following Report which was read by the Secretary:—

For President of County Alliance—Wm. L. King.

Vice Presidents—one from each township. E. Ailing, Levi Harrod, O. Higgins, E. C. Camp, Wm. Borer, Dr. Wheaton, Geo. W. Skillen, John W. Lofthorough, Dr. L. Dyer, Jas. Elliott, L. W. Foote, Robert Greer Esq., Joseph Shaw, Simon Litzenburg, Wm. Hall, Hugh Miller, Ichabod Coleman, Benj. P. Wright Thos. Axtell, O. Hollister, Rev. Dr. Brooke, and N. Spindler.

Secretary—Jos. C. Devin.

Treasurer—Horatio S. Miller.

Finance Committee—Wm. L. King, E. Ailing, J. C. Devin, H. S. Miller, and Wm. Borer.

The Committee also presented the following Preamble and Resolutions:—

WHEREAS, the friends of Temperance and the Temperance Organizations of Knox county, are here this day assembled in Mass Convention for the purpose of organizing our forces, and to advocate the cause of Temperance; and in carrying forward to a final triumph the great and glorious cause of Temperance:—

And WHEREAS, we deem it our duty as well as our privilege, upon occasions like this, to give a public expression of our sentiments upon any measure, or policy involving the unity of action and ultimate success of this Reform, therefore—

Resolved, That as true, and untiring friends in this cause, we heartily approve of and advocate the principles which lie at the foundation of the Alliance leagues, recently formed in this county and adopted throughout this State believing as we do most sincerely, that the success of the cause of temperance is paramount to minor political issues that are, or may hereafter be, involved in the election of candidates for Legislative officers at the approaching election.

Resolved, That we here again renew our covenants, and here by pledge to all political parties, to each other, and to the world, that we will vote for no man for any Legislative office who is not openly, fully, and clearly, committed and pledged, to exert his utmost influence in favor of a Law embodying all the just and righteous principles of the Maine Law and neither the persuasive arguments of lukewarm friends, nor the threats and jeers of our enemies, party demagogues, and aspirants for office, will ever drive us from this, our solemn purpose, till victory is inscribed upon our banners.

Resolved, That we, with joy and rejoicing, the final success, and triumphant victory of the friends of Temperance, by the late enactment of the Maine Law in Michigan; and hereby pledge our sister State in the North-

west, that Ohio will soon follow in her foot steps with a more triumphant victory; but for their rapid march in this cause of Reform we tender the people of Michigan three hearty cheers.

Three hearty cheers were given for Michigan, and on motion, the Report of the Committee was adopted unanimously.

Dr. L. Dyer presented the following Resolutions, which were also adopted without a dissenting voice:—

Resolved, That the several Vice Presidents of the County Alliance be requested to take up a collection forthwith, to defray expenses necessarily incurred in promoting the interests of the cause in which we are engaged.

Resolved, That all the friends of Temperance here convened, and in the county, are hereby appointed delegates to the State Convention, to be held in the city of Columbus, on the 29th and 30th inst.

On motion, it was ordered that the proceedings of this Convention be published in the papers of Mt. Vernon.

On motion, the Convention adjourned sine die. JOS. MUENSCHER, Pres't.

JOS. C. DEVIN, Sec'y.

Accidents on the Fourth in the County.

At Chester, Geauga county, a man named Biebee had his arm shot off, by the premature discharge of a cannon.

At Fremont, Sandusky county, a cannon exploded, and one man had his arm taken off.

At Chagrin Falls, a cannon discharged prematurely, and Mr. D. Babcock, had his hand shot off, and two of his ribs broken. Mr. C. C. C. had an arm shot off, and another man who held his thumb on the vent at the time had his hand very badly injured. Mr. Babcock will probably not survive.

A boy, (whose name we did not hear,) while standing in front of Pollock's Grocery Store, was dangerously wounded in the following manner: He had a quarter of a pound of powder in his right pocket, and very foolishly and recklessly put matches in the same pocket. Throwing his hand down to get some powder, the matches were ignited, and the powder exploded. The boy was very seriously injured. His abdomen was terribly mangled, and burned, and his hand lacerated. His intestines were torn and broken. He was not expected to live. We understand he was taken to Oregon street.

A "sharp" boy, about 14 years of age, went up to a countryman yesterday, and putting on a long face, began to beg for alms—"O sir, will you please give me some money, for I am starving and I must have some provisions." The kind hearted countryman pulled out a shilling, and gave it to the young rascal. Soon after, he met the object of his charity at another part of the street. "Didn't you say you wanted money to buy provisions?" asked Charity. "Yes sir; crackers are provisions!"—Plain Dealer.

Look Out.

We were shown a one dollar note on "The Plymouth Bank," Indiana, which has been very skillfully altered to a \$20, by inserting 20 in larger figures in each corner at the top, and also the words "twenty dollars" under the bold line "The Plymouth Bank." The alteration is a very skillful one, and well calculated to deceive. A gentleman of this city had one paid him in the village of Rochester, Oakland Co., and Mr. E. Shepherd has also had one sent to him from the interior. We caution every one to look out for them.—Detroit Free.

Matters in California.

We have full files of late California papers, from which we have gathered a few matters of interest.

MIXING LOCK.—On Pitt river a company of twelve men took out of Rich Gulch last week a little over \$1,200. Four men at the same place took out in one day \$300. A company of men in a little gulch at the south of Rich Gulch, took out \$800 last week.

A party working at Mamolake Hill took out in two days last week 306 ounces of gold. Another party in an afternoon took out 294.

In Columbia, on Thursday, Curtis, Benjamin & Co., took out over \$300; one piece weighing 13 ounces. This claim has averaged about an ounce per day to each man for the past three months.

SAWYER GULCH.—On Saturday last Welch & Co.'s claim yielded 24 ounces of fine gold, and on Monday 1 pound. This claim averages \$20 per day to the man.

At Gold Spring the miners continue to make great strikes. General G. McDougall's claim pays \$50 per diem to the man.

We learn from the Marysville Herald that at Briggsville, in Shasta county, the Americans proceeded to drive the Chinamen from their claims, destroying all their rockers and mining implements, and taking possession of their diggings.

The great rush for Australia has ceased.—Several letters have recently been received from reliable persons in Sydney, denouncing the country in the strongest terms. They represent that but few of the large number of miners throughout the country are making wages. Rents, provisions, &c., are said to be very high, and on the rise. The country is everywhere a scene of lawlessness and crime.

What inducements are the Agricultural Society of Knox county going to offer? Come gentlemen, wake up! and show your generosity with liberal premiums for female horsemanship and gallantry.

Trumbull County. The Abolitionists in the above county have held a convention and nominated a ticket—and such a ticket as is characteristic of the party and its principles. The Democratic speaking of the ticket says: The gentlemen composing the ticket were formerly Whigs except one.

This is paying a poor compliment to the democratic wing of the party, and should be considered by them as a "notice to quit." Democratic Abolitionists stand a slim chance in a convention managed and controlled by old whigs.

Deputy Marshals.

What does Licking county expect to do with two Deputy Marshals?

DEMOCRATIC BANNER.

MOUNT VERNON:

TUESDAY, :: :: :: :: JULY 12, 1853.

DEMOCRATIC STATE TICKET.

FOR GOVERNOR OF OHIO, WILLIAM MEDILL, of Fairfield.

LEUTENANT GOVERNOR, LESTER BLISS, of Allen.

Secretary—WILLIAM TREVITT, of Franklin Township.—JOHN G. BRESLIN, of Seneca.

Attorney—G. W. MCCOOK, of Jefferson.

B.P. Works—WAYNE GRISWOLD, of Pickaway.

S. JUDGE—T. W. BARTLEY, of Richland.

The Democratic Central Committee of Knox county are requested to meet at the counting room of this Office, on Saturday the 23d day of July.

The following named gentlemen compose the Central Committee.

WILLIAM DUNBAR, A. C. SCOTT, W. M. KELLEY, CHARLES McLANE, JOHN MARLOW, D. ARMINTROUT, JACOB MERRIN, JOB SUTTON, CHRISTOPHER WOLF.

Meeting of the Central Committee.

A portion of the Central Committee met at this office last Saturday, and adjourned to meet again on Saturday the 23d inst., at one o'clock P. M., when it is expected that every member of the Committee will be present.

There not being a quorum, no business was transacted, but some conversation had in reference to changing the mode of making nominations from the primary vote system back to the old Delegate system. The question was freely talked over, and the matter will be again brought up at the next meeting of the Committee.

Dr. Henry A. Childs.

This gentleman is a candidate for nomination for State Comptroller Commissioner. His qualifications are such as to recommend him to the favorable consideration of the Ohio State Convention, his location being central, we shall be pleased to see the delegation from Delaware county, give him their cordial support in connection with July 7.

We clip the above from the Delaware Standard of July 7, and a more deserved compliment could not have been bestowed upon a worthy man. Dr. Childs has been a practicing Physician in this county for over twelve years, and sustains a high character among his profession. His moral character is above suspicion and his qualifications for the office we believe to be as good as any man on the track.

The central location his bears ought to give him a favorable hearing among the Democracy of the State. His faith in the sound principles and measures of the Democratic party, we never have doubted, and never have to our knowledge been doubted by his numerous friends. Give old Knox the nomination.

The Crow Bar Law at Work.

The law denouncing the Crow Bar Law seems to work well. A short time ago the Whig Treasurer of Zanesville entered the vaults of the Frank Bank of Zanesville and took therefrom \$7,102, as the taxes for 1852, and penalty for non-compliance with the law.

The Treasurer of Marion county, on the 29th ult., advised us that he had taken from the bank of Zanesville, and took therefrom \$1,333, as taxes for 1852, and penalty for non-compliance with the law. The Treasurer of Guernsey county recently made the Guernsey Branch Bank disgorge \$2,117 66, as taxes for 1852, and penalty for non-compliance with the law. Verily, this Crow Bar Law works well. Banks would find themselves much stronger in the affections of the people, if they would cheerfully pay taxes as individuals pay theirs.—Chillicothe Advertiser.

That "Crow Bar" which ought to have collected the taxes from the Knox county Bank long ago are told, has been stopped by an injunction.—The case has been on hand several months, and the public would like to know the reason why the case is not speedily brought to a close.

This granting favors to moneyed institutions, while the farmer and mechanic are compelled to work over their taxes, is not in accordance with our notions of honesty and fair dealing, and does not belong to the Democratic creed. It is high time the Treasurer of this county brought the matter to a final issue. The public would like to know all about it.

Paducah Pennant.

This is the name given to a new Democratic Journal just started at Paducah, (Kentucky) by SAM PIKE. It is a large sheet filled with good matter, and we have no doubt will let the Democratic light shine forth in that bright region to some good effect. This PIKE is one of the First and has started more papers than any other man in our remembrance.

G. SPRAGUE, of Tiffin, as an inducement to the practice of female horsemanship, offers five dollars as a premium to the best female rider at the next Agricultural Fair in that county.

What inducements are the Agricultural Society of Knox county going to offer? Come gentlemen, wake up! and show your generosity with liberal premiums for female horsemanship and gallantry.

Trumbull County.

The Abolitionists in the above county have held a convention and nominated a ticket—and such a ticket as is characteristic of the party and its principles. The Democratic speaking of the ticket says: The gentlemen composing the ticket were formerly Whigs except one.

Remingtons Coffee Pot.

Messrs Smith and Morgan, the agents for this New Coffee Pot, are now in Mt. Vernon for the purpose of disposing of the right to manufacture and sell this new invention. It is said to be far superior to the old Coffee Pot, and worth twice as much as one of the old kind. Its chief object is in the economy of saving Coffee, and having in place of thick black stuff, clean and delicious coffee, which every body knows is worth having. We have tried it, and find it to work well.

The Zanesville Aurora, gives it the following notice. Now is the time for the citizens of Mount Vernon to secure the genuine article from the agents. This article can be had on reasonable terms of Messrs Smith and Morgan at the Lybrand House.

PATENT COFFEE POT.—This new and valuable invention has been thoroughly tested by hundreds of our citizens, and in every instance, pronounced a decided improvement.

J. H. RILEY & Co., Columbus, Ohio.

The advertisement of the business place is invited to the advertisements of the above firm in another column. They advertise a large variety of goods, suitable to the wants of almost every house, which they will sell as cheap as can be had at any other establishment in Ohio. Persons visiting Columbus will find it to their interest to call and see them.

HURON WEEKLY NEWS, is the title of a new paper just started at Huron, Erie county—neutral in politics. Its chief aim is to help build up the business of the place.

The Fisheries.—President Pierce.

WASHINGTON, July 6.

The Union of this morning says the Government is taking energetic steps with regard to the Fisheries, and that the rights and interests of Fishermen will be fully cared for.

Accidents at Columbus.

The seats of the circus broke down at Columbus on the 4th, while a large crowd were witnessing the exhibition.

Mr. Miller, an aged gentleman, of the city, had a frightful gash cut in his forehead, and was otherwise badly injured.

Henry Davis, a farmer, living about five miles south of Columbus, had a leg broken just above the ankle.

Miss Davis had her ankle dislocated.

A child, name not known, had its face shockingly bruised.

About forty feet of seats fell first with a terrible crash, amid screams from every part of the tent. After about two minutes the "jacks" under thirty feet more fell, doing no injury.—Cincinnati Enq.

Wheat and Corn Crop in Huron.

The Norwalk Reflector publishes a statement of the wheat and corn crop of Huron county furnished by the Auditor. The following is the summing up for the last three years:

Crops for 1850.

Wheat, 21,812 acres;—yield, 441,603 bushels.

Corn, 22,806 "—yield, 878,143 "

Crops for 1851.

Wheat, 18,770 acres;—yield, 331,423 bushels.

Corn, 19,041 "—yield, 517,196 "

Crops for 1852.

Wheat, 17,981 acres;—yield, 232,581 bushels.

Corn, 21,759 "—yield, 674,428 "

It will be seen the crop falls much short of that of 1850 for both the succeeding years.—The number of acres grown is less probably in consequence of farmers having turned their attention to the minor articles of farm produce, and raising sheep, cattle, &c.

The last rail in the Bellefontaine and Indiana Railroad was laid at Union, on Friday last, and on Saturday morning a party of Railroad gentlemen—left Terre Haute for Cleveland direct, breakfasted at the Palmer House in Indianapolis, and arrived in Cleveland at 7 P. M., having made the run in 11 hours and 45 minutes from the capital of the Hoosier State.—Regular trains are to run between these cities, leaving Indianapolis at 5 A. M. and arrive in Cleveland at 7 P. M., in time for the boats and Lake Shore trains; and leaving Cleveland by the 8 A. M. fast express, arriving in Indianapolis at 9 P. M., and to connect with trains on the Madison, Lafayette and Peru Roads.—Plain Dealer.

The Maine Law in Canada.

The Canada Assembly have passed a statute resembling, in some respects, the Maine Liquor Law. It restrains the selling of any intoxicating liquors within a certain distance of the public works, so that the laborers will find it difficult to obtain spirituous liquor. All liquors illegally found within the prohibited limits, may be seized and destroyed. All payments for liquors illegally sold, are made void, and stringent penalties are affixed to the infringement of the act.

The proprietor of a whisky saloon, in a little town not many miles hence, was surprised, one morning, to find that some of his temperance friends had bored his barrel of "Ohio Rectified." The whisky was found to be of the purest quality, and completely exhausted its spiritual contents. Several "straws" were found in the vicinity, which are supposed to have been made use of during the operation. Very like! "Straws show which way the wind blows!"—Plain Dealer.

Full Colfers.

"The Sub-Treasury in New York, the Express says, is now fuller than it ever was before—running up to eight millions. Unless the government makes a great sacrifice in buying up the National Debt, the surplus revenue will run over \$20,000,000 when Congress re-assembles."

A Large Portion of the wheat in the Miami Valley is already harvested.
